The University accepts all qualified applicants without regard to race, religious creed, place of national origin, sex, age, disability, or ethnic group.

WELCOME!

Welcome to *The Student Guide - The Student Handbook of Anderson University*. In this handbook, you will find information essential for making your way through the puzzles that the University may present.

If you cannot find a particular item, turn to the Index. If you're still stumped, call the Office of Student Development at (864) 231-2075.

The Handbook includes Anderson University policies and procedures, locations and purposes of administrative offices, and other helpful details. It is advisable that all students review the Handbook carefully as its contents are binding on all students of Anderson University. Please note, though accurate at time of publication, some information in The Guide may change as the school year progresses. The University reserves the right to amend this Handbook at any time without notice. Amendments will appear in the online version of The Guide as soon as possible after taking effect. It is the student's responsibility to stay alert to possible amendments and updates.

The Office of Student Development is here to help (as are the other fine offices at Anderson University). Look for us on the first floor of the Merritt Administration Building.

FROM THE PRESIDENT

Welcome to Anderson University!

Those participating in the life of the University under this academic catalog will write the history of the 99th year of operations of our beloved institution.

Acting out of a deep desire to build a *rare* learning environment, our founders were people of commitment and vision.

And so it is that today Anderson is a *rare* place indeed - where the entire campus community is devoted to the high ideals of Christian higher education in an intellectually stimulating environment.

Here, we view life as a *journey* . . . gifted to each of us by God and filled with choice and possibility every step of the way.

As you pursue your particular goals and dreams this year, I encourage you to consider that the greatest danger to becoming the person you were meant to be is to fall into the trap of complacency. Anderson University itself is a very good place and our greatest challenge is to energize one another to make certain that as good as we are, we are continuously cultivating the desire, ability, and expectation to improve on what we do.

Students, we have a deep desire that attending Anderson University will be just the start of a lifetime marked by an unquenchable thirst for knowledge, exploration, and service.

Have a great year at AU!

Cordially,

A handwritten signature in black ink, reading "Evans P. Whitaker". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Evans P. Whitaker, Ph.D.

WELCOME FROM SGA

Fellow Students,

Welcome to our beautiful and expanding campus here at Anderson University! This year, I believe we all, new and returning students alike, will find novel and exciting experiences and memories that will stay with us for a lifetime. I hope you had an enjoyable and rewarding summer break, and you are once again ready to begin a new school year.

To ensure that such a memorable year occurs, the Student Government Association (SGA) needs to hear from you. SGA is here to serve AU's students. We, the students, are an integral part of this campus. SGA is prepared to listen to and work with you for the betterment of our campus, not only for ourselves but also for future students. We welcome new ideas and want all students to get involved. You can contact the SGA Executive Committee, your class president, or class senators with your ideas. You could also bring questions or requests to the SGA Office located in the basement level of Denmark.

Also, I encourage you to see what AU has to offer. Explore the talent and fun around our campus. Support the AU Playhouse, attend vocal and instrumental performances, go to an art gallery, and cheer on all of our many awesome athletic teams. I hope you get involved in the activities and events provided by Student Activities, Student Alumni Association, Campus Ministries, and all the other student organizations.

In addition to your involvement on campus, you are also needed in praying for our school. It is because of God's love, mercy, grace and faithfulness that we are who, what, and where we are. Simply for that, He deserves all of our respect and praise. With our Father's direction, AU can continue on its path of growth and go farther than we can fathom. Let's make this year unforgettable at Anderson University! I am definitely excited to see what God has in store!

Gratefully serving with you,

Silas B. Crisp

INTRODUCTION

Anderson University provides a comprehensive program of Student Development. All activities and programs are designed to help students to have positive and rewarding personal growth experiences while at Anderson University. The areas within the Office of Student Development include Career Services, Center for Student Success, Counseling, Health Services, Intramurals, Orientation, Residence Life, Student Activities, and Student Government. We also work in partnership with Campus Ministries, Athletics, as well as the academic community.

As a whole, the Office of Student Development is concerned with programs that facilitate and enhance student learning outside the classroom. Working together, Anderson University's faculty and staff are committed to learning outside the classroom and are committed to challenging and supporting students as they strive to develop intellectually, physically, socially, morally, and spiritually.

MISSION STATEMENT OF PURPOSE

Anderson University is an academic community, affiliated with the South Carolina Baptist Convention, providing a challenging education grounded in the liberal arts, enhanced by professional and graduate programs and a co-curricular focus on the development of character, servant leadership, and cultural engagement. This is a diverse community that is Christ-centered, people-focused, student-oriented, quality-driven, and future-directed.

VISION STATEMENT

To be a premier teaching university where liberal arts and professional studies thrive within a distinctively Christian community of faculty, staff and students dedicated to learning and service.

VALUES

Anderson University takes pride in being able to function as a community rather than a conglomerate. Accordingly, we have adopted a set of community values that support our aspiration to fulfill the University's mission and achieve its vision, both of which are considerable aims. Values serve as guiding principles that shape our daily actions. These are dimensions of our community we believe are very important and should be known and understood by everyone within our institution.

Value: A Commitment to a Christian Community

Anderson University is a Christ-centered community that presents Jesus as the Christ and as the ultimate model for personal behavior. The unifying principle of Anderson University is a Christian vision of life in which community participants are encouraged to develop a Christian world view and live up to the high calling of the Great Commandments which tells us to love God with our hearts, with our minds, and with our souls, and to love others completely. We seek to build an academic community where men and women can be lovingly and gracefully introduced to an understanding of God, His creation and grace, and humanity's place of great privilege and responsibility in God's world.

Value: A Commitment to Liberal Arts

Anderson University is dedicated to provide a challenging commitment to Liberal Arts and is a comprehensive institution that provides a challenging education. We offer a variety of majors and concentrations in both the liberal arts and the professional disciplines. All programs provide the student with rigorous and engaging learning experiences that emphasize the knowledge, intellectual skills, and conceptual frameworks central to the discipline. A central, cohering value of the Anderson University academic experience is that each field of study includes a rich core of liberal arts courses in the foundational fields of human knowledge and achievement. These courses comprise the requisite knowledge to facilitate the development of skills in critical thinking, interpersonal relationships, ethical reflection, and an appreciation of the fine arts as integral to an educated citizenry.

Value: Commitment to the Individual

Anderson University is a people-focused community where individuals are valued and where all participants seek to honor one another through words, behavior, and a commitment to each person's success. Here, people are encouraged to value individuals and the creative possibilities that lie within each of us. Together, we dedicate ourselves to the values and success of Anderson University.

Value: Commitment to Students

Anderson University is a student-oriented community where our core process is teaching and learning aimed at the development of graduates of disciplined intelligence, competence, character, and faith. We acknowledge that significant responsibility for their education. Thus, Anderson University provides opportunities for academic, spiritual, social, and physical growth through the academic program as well as co-curricular programs including Campus Ministries, Student Government and Student Activities, Residence Life, Athletics, Community Service, and Health Services.

Value: Commitment to a Diverse Student Body

Anderson University is committed to recruiting students who are supportive of the mission of the University as a Christian institution and who can benefit from the academic programs and student services offered. Our goal is to recruit a student body broadly representative of the cultural and ethnic diversity of our region and characterizes the society in which graduates will live and work. The University seeks to offer programs appropriate for resident students, commuting students, traditional university age students, and adult students, as well as graduate students. Moreover, Anderson University has a primary goal to provide a safe and supportive environment that fosters the development of the whole person and nurtures respect for the worth of the individual, the sanctity of life, and for all God's creation.

Value: Commitment to Continuous Quality Improvement

Anderson University is a quality-driven community where a commitment to continuous quality improvement enhances all aspects of the University, as well as improves the effectiveness of individuals in carrying out our responsibilities. Being a quality-driven institution requires us to be a "learning organization" wherein we constantly learn from our own organizational experience, we stay abreast of and learn from best practices in the larger higher education community, and we continuously strive to strengthen and add value to our institution, so it can function at its best and serve its stakeholders to the fullest of its potential.

Value: Commitment to the Future

Anderson University is a future-directed community. We seek to be an agile institution that continuously identifies, evaluates, and if appropriate, seizes upon windows of organizational opportunities in a timely manner to the extent our resources will allow. As stewards of our institution, we seek to maximize all our resources to fulfill our common mission and vision.

Value: Commitment to Servant Leadership

Anderson University seeks to equip men and women to have the skills, knowledge, and dispositions to impact their communities and the world through their professional contributions and spiritual gifts. Our goal is to develop servant leaders who live out their daily lives at home and at work with a deep and profound commitment to the tenets of Jesus Christ. Most importantly, servant leaders are first and foremost servants. They are affirmative builders of a better society. They understand the value of effective listening and are skilled communicators. Servant leaders have empathy for others and are accepting of diverse people. Servant leaders have power through a voluntary commitment to others. They are able to view events and situations from a broad perspective yet also spend time in the trenches and understand the practical and realistic. They help others grow to become wiser and more independent and ultimately to become servant leaders themselves.

CENTER FOR STUDENT SUCCESS

The Center for Student Success provides academic support to undergraduate students, primarily those in the traditional programs of Anderson University. Support services are provided to students at no additional cost.

Tutoring

Peer tutors provide assistance to traditional students, and on a limited basis, to ACCEL students. The focus of tutoring is general education and beginning major coursework. Assistance with writing in any discipline and with English coursework is available through the Writing Center, which shares space with the Tutoring Lab.

Academic Support

Academic support activities, including one on one coaching, are available to students. Traditional undergraduate students receive support through the Center for Student Success, and ACCEL students receive support through the ACCEL office.

Support for Students with Disabilities

Students with documented disabilities, who desire classroom or other reasonable accommodations, may request these services through the Center for Student Success. Valid and recent (usually no older than three years) documentation confirming the disability and recommending appropriate accommodations must be provided to the Center for Student Success in order for accommodations to be made. As verification and processing take some time, students are urged to contact the Center as early as possible. The University does not offer academic programs or courses designed specifically for students with learning disabilities, but it can provide reasonable and appropriate accommodations with valid documentation.

COUNSELING

Counseling is a process of assessing both academic and personal growth, discovering potential, dealing with adjustment problems, and developing plans that will create a more satisfying lifestyle. A variety of counseling services are available to all students. There is no charge for most services, and the highest ethical standards are maintained.

Personal Counseling

Individual, confidential personal counseling is available to students. This type of counseling is useful for those who are having significant problems with adjusting to life changes such as college life and academics, new roommates/friendships, grief/loss, and changes in family life. Counseling is also appropriate for those who are having significant distress over interpersonal relationships or personal feelings, such as loneliness, self-esteem, stress, anxiety, and depression. Students struggling with issues such as time management, religious questions, eating disorders, drug and alcohol use, and many other personal concerns seek counseling. Pre-marital and marital counseling, and help with most interpersonal relationship problems are also available at the counseling center. Counseling services are for short-term problems. Those individuals who require long-term assistance or have medication needs are referred to off-campus professionals. Contact the counseling center at 231-2149 or 622-6074 for information concerning referrals to off-campus providers in the community. For information concerning a variety of mental health related topics, including self-help materials and off campus support groups, refer to the counseling webpage on the university website.

CAREER/EDUCATIONAL PLANNING

The Career Services Center provides assistance to students by helping them relate their career goals to their educational plans. The staff seeks to meet students at their individual level of need in developing a self-directed career search. This may begin through experiences, and it may expand throughout a student's University years to resume development, graduate school planning, work experiences, and development of interviewing skills. Assistance may also include advising students who need to transfer to other universities in order to take advantage of academic programs not offered by Anderson University. For graduate study, this office can provide information regarding admission/appropriate admissions tests.

The Career Services Center also provides the following career and interest inventories to aid students in identifying a career choice: Strong Interest Inventory and Meyers/Briggs.

HEALTH SERVICES

The goal of the Health Service Center is to provide a Christ-centered clinic that will provide care to enhance the educational process, by removing or modifying barriers to learning and to promote an optimal level of wellness.

The Health Center is located on the bottom level of the Village. Limited health care services are provided to all students; residential and commuters. Services at the AU Health Center are provided at no cost [except for vaccines]; however, fees for services rendered off campus will be the responsibility of the student.

The Health Center is open Monday - Friday. Daily hours and drop-in times are posted at the beginning of each semester. An RN is available to take your calls after hours, weekends & holidays to answer your health questions.

If a student needs to see a physician Anderson University Health Center can refer to AnMed Family Medicine for a limited fee. This referral is available whether you have health insurance or not. The referral covers acute "sick" visits, not chronic health concerns. If a student requires health services off-campus, it is the student's responsibility to arrange his or her own transportation.

Services offered include but not limited to:

- Assessment by RN
- Health Consultation
- Limited physical exam
- Referral for physician evaluation if needed
- Health education literature
- Health programming
- Flu Shots
- TB Skin Test

FRESHMAN PROGRAMS AND COMMUNITY SERVICE

The Office of Freshman Programs and Community Service, located in Merritt Administration Building, is responsible for coordinating the Freshman Experience Program and all community service projects available through the University. In addition to providing additional support to students, this office also seeks to further the University's basic mission of service to others.

The Freshman Experience Program is a comprehensive support program for freshmen designed to help develop a solid foundation on which to build their total University experience. This program provides opportunities for academic enhancement, social development and spiritual enrichment.

Through coordination of community service projects, the Office of Freshman Programs and Community Service provides an opportunity for students to meet not only some of their basic University requirements but also to give them an opportunity to experience first hand the rewards of giving back to the community in a variety of mutually beneficial ways.

RESIDENCE LIFE

Residence Life at Anderson University offers students an opportunity to grow and develop through living and learning with others in an educational community. The residence hall is more than just a place to live; it is an environment for individual growth through community living.

The Residence Life staff strives to provide comfortable, safe, attractive, and functional residence halls and residence hall life that is conducive to social adjustment, personal growth, and responsible citizenship. Anderson University has both professional staff and student resident assistants living on campus to meet the needs of students as they strive to make the residence hall experience a positive one. The Residence Life staff members offer many learning opportunities by promoting programs and activities which enhance student development.

In order to ensure a smooth operation of the residence halls, policies designed to facilitate community living have been developed.

All residence halls and apartments are closed to students during the Christmas holidays. Although personal belongings may remain in rooms during this period (unless a room change has been requested), students must vacate the area within 24 hours after their last exam for the fall semester has been taken. Residence halls and apartments will not re-open until the day the Orientation for new students (for the spring semester) is scheduled. Residence halls and apartments remain open during all other holidays and during Fall Break and Spring Break.

RESIDENCE POLICY

Believing that students benefit in personal growth and educational opportunity from residential living, Anderson University requires all freshman and sophomore students to live in campus housing. Students who meet one of the following criteria may elect to live off-campus prior to their junior year.

1. Married.
2. Live locally with a parent, brother, sister, or other close relative.
3. Are 21 years of age prior to the beginning of the semester.

Students will be notified of the action of the Vice President concerning whether or not permission to live off-campus is granted. Students in violation of the residence policy by living off-campus without permission will be billed for a residence hall room and the 21-meal plan.

The University does not provide housing for married students.

The University is not equipped in the residence halls to accommodate students with certain health circumstances. The circumstances listed below are illustrative but not exhaustive:

1. Students recovering from illnesses or medical procedures that pose a health risk to themselves or other students. For example, the University is not equipped to accommodate a student who requires major medical equipment such as an IV tube..
2. Students who are experiencing emotional, physical, and/or mental health challenges or disorders that, in the University's view, place that student, other students, faculty and/or staff in potential danger.

The University reserves the right to remove a student from the residence hall if such conditions as listed above occur. Removal from the residence hall may occur at any point during the semester as determined by the University for the health and welfare of the University community. Please note that the above list is illustrative and not exhaustive.

OVERNIGHT GUESTS POLICY

Overnight guests of the same sex are allowed in residence halls and apartments on Friday and Saturday nights only. Guests must be registered in the Residence Life Office where a Visitor's Pass will be issued. Resident students wishing to obtain a Visitor's Pass must make such a request in writing on the Thursday or Friday before the weekend of the intended visit.

Area Coordinators on duty on the weekends are also available to issue a Visitor's Pass on a limited basis. The Area Coordinator on duty reserves the right to deny issuance of a Visitor's Pass. Students are limited to two guests per room per night. All visitors who are not overnight guests must leave the residence halls/apartments by 12:00 midnight on Sunday through Thursday evenings and by 1:00 a.m. on Friday and Saturday evenings. Guests are expected to comply with all Anderson University policies. The host or hostess may also be charged for violations committed by their guests. Failure to obtain a Visitor's Pass as stated may result in a \$20.00 fine per night.

During the exam schedule, visitor passes will not be issued to guests of the same sex who wish to visit overnight during this period (brothers, sisters, friends, etc.). All violations of this policy will be reported to and processed through the Residence Life Office. Guests under the age of 16 years old are not permitted as overnight guests.

RSVP (Resident Supervised Visitation Program)

Anderson University provides an opportunity for male and female students to visit in the residence halls for a few hours each week under strict supervision and control by the staff of Residence Life. When students are visiting in a room within a residence hall, the student first must preset an Anderson university id card to the RSVP worker in the lobby of the hall the student is visiting. The RSVP worker will check the student in by a sign-in sheet. Once the student enters the room visited, the door to that room must remain completely open at all times during the visit. RSVP workers will periodically check the rooms to monitor behavior and for safety purposes. The guest student must check out of the residence hall by notifying the RSVP worker when he or she is leaving. The hours for RSVP are listed below.

Boulevard, Denmark, Kingsley, Lawton, N. Rouse, S. Rouse, Pratt, and Village:
Tuesday, Thursday, Friday, and Saturday: 7 pm-11 pm
Stringer Commons and Ministry Leadership Houses
Tuesday, Thursday, and Friday: 7-11 pm
Saturday: 2-11 pm
Sunday: 2-6 pm

ASSIGNMENT OF RESIDENCE HALL ROOMS

Rooms in University residence halls are assigned to students through the Residence Life Office. Although consideration may be given to student requests for particular rooms and/or residence facilities, the University makes the ultimate decision for room assignments. Factors such as academic performance, disciplinary record, and/or financial record may play a role in residence hall room assignments. Students are not guaranteed the same room every year, they should not have an expectation to be assigned the same room from year to year, and individuals may be moved during the year if it is deemed in the best interests of the University community.

HEALTH AND SAFETY INSPECTIONS

MEDICAL/PSYCHOLOGICAL EMERGENCIES

CAMPUS HEALTH CENTER:

- * The Health Center and Counseling Services are open from 8:30 - 4:30 Monday through Friday, and on-call staff are available after hours by calling the Health Center.

DIRECTIONS TO THE HOSPITAL:

- * Be familiar with directions to the hospital. (It's great; it is just around the corner!)
- * Students will need to provide information upon check-in (Emergency info., allergies, contacts, etc.).
- * RAs should not drive their residents to the hospital (for liability reasons). See if their roommate or a friend is available to drive them and ride along or follow behind in your own car. If not, and the student needs to go to the ER, call for an ambulance.

- * The Area Coordinator on duty should always be notified when an AU student is transported to the Emergency Room.

MINOR HEALTH PROBLEMS:

- * Students with sore throats, colds, stomach aches, etc, should be encouraged to go to the Health Center. Again, there is on-call staff available after hours for advice or referral by calling the Health Center or Counseling Center.

SEVERE ILLNESS OR INJURY:

- * All medical emergencies (injury, severe illness, or suicidal thoughts/attempts) should be directed through the Area Coordinator on duty or the Area Coordinator of the living area.
- * Remember that in an extreme emergency, call 911, then Campus Safety so that they can aid in getting the ambulance to the proper area on campus and the Area Coordinator on duty.

SUSPECTED ILLNESS:

- * If an RA suspects that a student is in some way mistreating his/her body while refusing to seek help (eating disorder, mental illness, not attending class, self-injury, steroids, other illegal drugs or prescription or over the counter medication abuse, etc.), the Area Coordinator should be informed immediately so that the appropriate source can be contacted.

CROWD CONTROL:

- * In the event of an ambulance or police on campus, the RA(s) not directly involved with the situation should serve to move along any "on-lookers." The curious students should be assured that the student is being taken care of but do not give out any more information in respect of the students' privacy.

POWER OUTAGE:

Have flashlight/batteries, RA's to Student Center for instructions.
Area Coordinators will come to Student Center.

TORNADO WARNING :

Direct students to "shelter areas."

PROPERTY AND PREMISES

ACCESS. All University housing facilities are private property and access is controlled. Residents must have a current Anderson University ID card to gain access to residential facilities. Residents are responsible for the use and misuse of ID cards and of keys to residence halls and the access and conduct of their visitors.

For campus security, various exterior doors are locked at all times. Any individual who props a locked door is jeopardizing the safety of the community and will be subject to disciplinary action and a \$100.00 fine.

DAMAGE. Residents are expected to maintain and return their residence in the same condition in which it was received. The damage, destruction, or abuse of personal or University property and/or premises is subject to University disciplinary action and may be subject to criminal charges.

Residents will be charged for any damage to rooms or public areas that result from misconduct or misuse. The charge will be based on the cost of parts, materials, labor and inconvenience to the University to restore the damaged property, whether or not it is actually restored. Residents are individually and collectively responsible for any damage to their residences unrelated to reasonable wear and tear. Where individual responsibility for damages cannot be determined, charges may be assessed to all members of the appropriate room, hall, or building.

FACILITIES ALTERATIONS. Repairs and alterations to University facilities may be made only by authorized University personnel. No alterations or additions may be made to any residential facility. This prohibition includes but is not limited to painting, installing/replacing locks, rewiring or installing new lighting fixtures or altering electrical systems in any fashion, or the building of unauthorized lofts, walls, and partitions. Residents should report needed repairs to the Residence Life Office. The University will make all needed alterations and repairs at its discretion.

LOFTS. The University discourages the use of lofts in residence hall facilities and puts students on notice that serious injuries have occurred at various universities involving lofts. The University reluctantly permits lofts but only if pre-approved by the Residence Life Office, and only if a liability waiver is signed by the student and his or her parents or guardian if the student is under the age of 21. Students who use lofts on University property acknowledge and solely assume all risks involved in using lofts and agree to hold the University harmless in the event of an injury to self, others, or property.

FURNISHINGS. University property including, but not limited to, furniture, plants, mattresses, doors, screens and other furnishings in lounges or reception areas may not be removed, exchanged, stacked or otherwise relocated. Weight-lifting equipment and water beds are not permitted in the residence life facilities.

REFRIGERATORS AND ELECTRICAL APPLIANCES. Only small mini refrigerators no greater than 3 cubic feet may be used in the residence halls. Small appliances such as stereos, television sets, curling irons, and blow dryers are permitted. Some electrical appliances are prohibited including space heaters, hot plates, electric pizza ovens, electric frying pans, etc.

ELECTRICAL OUTLETS. No more than two appliances may be plugged into any electrical outlet, even by use of an extension/outlet expansion unit or surge bar.

LIABILITY INSURANCE. While the University makes every attempt to maintain consistent and quality services to residents, interruption of services in a residential facility, if caused by mechanical difficulties, power outages, or other causes does not entitle residents to any claim against the University or to any reduction in fees. The University is not responsible for loss or damages due to theft, acts of nature, or vandalism. This applies to students' personal belongings as well. Residents should consider securing renter's insurance or a rider on their parent's homeowner's insurance.

RESIDENCY AGREEMENT. Residents contract with the University for housing accommodations. Rates are charged each semester according to University publications. Rates include utilities, cable television, and wireless internet access where available. Residents are not permitted to sublet their room/apartment. Assignment of residents and all changes of assignments within any residential facility are the responsibility and the authority of the University.

STUDENT ACTIVITIES

Because all of a student's time is not spent in classes and studying, Anderson University offers a variety of extracurricular activities that provide opportunities for intellectual, physical, and social growth. With the help of student leaders, the Student Activities Director coordinates campus activities that are designed for wholesome recreation and personal development. Some of the events planned are movies, dances, tournaments, short courses, travel, and leadership training.

ATHLETICS

Students may participate in a wide range of intercollegiate sports while enrolled at Anderson University. Women may participate in cross-country, track, soccer, basketball, golf, volleyball, tennis, and fast-pitch softball. Men's teams compete in cross-country, track, soccer, wrestling, basketball, baseball, golf and tennis. Anderson University is a member of the National Collegiate Athletic Association (NCAA) -Division II and also a member of the Conference Carolinas.

INTRAMURAL SPORTS

Anderson University has many intramural sports activities available to all students. Opportunities include basketball, billiards, flag football, golf, miniature golf, racquetball, sand-court volleyball, softball, and tennis. Students are encouraged to participate in the many teams that are organized to provide fun, healthy, and spirited competition.

RELIGIOUS LIFE

Because Anderson University is a Christian institution affiliated with the South Carolina Baptist Convention, religious activities are an important facet of campus life.

Religious activities are varied and all students, regardless of denomination, can find means of expressing their Christian faith at Anderson University. The primary component of religious life at Anderson University is the weekly worship service. On Wednesday mornings at 10:00, students, faculty, and staff gather in Henderson Auditorium for a time of praise, worship, celebration, and education. Worship services are designed to assist students in understanding something of the experience of worship, which is the dynamic for religious living, and to provide instruction and inspiration through programs on a variety of themes. Those who sincerely participate may come to appreciate the wide-range of concerns of the Christian faith in intellectual, social, political, and artistic ideas and issues involved in everyday experience. Worship attendance is an integral part of the Journey Program at Anderson University.

The Campus Ministries program is an umbrella for Christian activities at Anderson University. Campus Ministries provides a network of support, social activities, service events, leadership opportunities, and other programs designed to foster Christian outreach and spiritual growth. Within CM are three distinct and complementary ministries: Baptist Collegiate Ministries, Church

and University Relations, and Ministry Activities. These ministries provide the following: Large Group Bible Studies, Residence Hall Bible Studies, Small Group Bible Studies, Fellowships, Concerts, Excursions, Retreats, Praise Teams (music groups, ensembles, opportunities to lead in music or to sing solos, duets, etc), Drama Groups (Son Catchers and Journey Team), community outreach (nursing home ministries, children's ministry, youth ministry, Habitat for Humanity, tutoring, recreation, and many other opportunities for service), state conventions, regional gatherings, and mission trips.

The goal of Campus Ministries is to present the good news of Jesus Christ in words and actions that are meaningful and relevant to today's University student. The desire is to change the image of the Christian life to one of excitement, challenge and adventure...not something for when I get older. The purpose of CM is to empower and encourage young people to reach all the potential God has placed in them and to live with faith in Christ, moral conviction, integrity, honesty and genuine love and concern for their fellow students and their community.

CM seeks to bring balance to the University experience by pulling together the emotional, physical, mental and spiritual aspects of life. CM offers opportunities for worship, ministry, discipleship, fellowship and evangelism on the University campus and through local churches.

Residence Hall Bible Studies and Small Groups meet at various times and in different locations throughout the week. Call the CM office at 231-2077 for times and locations.

CHANGE OF ADDRESS

It is the student's responsibility to inform the University of address changes. The University will not be responsible for lost communication due to an out-of-date address. Students must inform Anderson Central of any changes in home address as they occur.

EMAIL POLICY

All students are expected to establish and maintain an e-mail address on the Anderson University e-mail system. Students are expected to check their e-mail at least once each week during the Fall and Spring semesters. Students are responsible for all material, assignments, and announcements sent by e-mail. Ignorance of course requirements, instructor statements and directions, and University announcements or policy statements sent through University e-mail is not an acceptable excuse for failure to meet the requirements of a course or to adhere to University policy. Individual instructors may require students to check their email more frequently, especially during ACCEL or summer terms.

DRESS/LANGUAGE/BEHAVIOR

By joining the Anderson University community, students commit themselves to nurture and support a Christian environment at all times. STUDENT RIGHTS, RESPONSIBILITIES AND EXPECTATIONS

The person-centered philosophy, which is the heart of the educational mission of Anderson University, affects the lives of all persons who are part of this community. This philosophy is based on the assumption that faculty, staff, and students who work and live here recognize the worth and dignity of all people and the special contributions they make to the University, to society, and to the Christian community.

These statements of Student Rights, Responsibilities and Expectations seek to balance the policies that are necessary in an educational community with each individual's right to personal freedom and the opportunity to reach his or her maximum potential. Authentic community life and achievement of agreed-upon purposes within an institution necessitate that there be external and internal restraints. Our community life both enhances and restricts our personal and collective freedom, so there needs to be an element of self-discipline on the part of all of us - faculty, students and administration.

As a community of Christian higher education, Biblical principles dictate a higher order of community life. A Christian community has to do with being related to one another and being dependent on one another. Discipline is the responsibility of all the members of the community. Where one is responsible, a concern for the individual and the common good of the community will develop.

Anderson University expects its students to be honest, to respect the property and rights of others, and to obey city, state and federal laws. In addition, students are expected to live within the regulations of Anderson University.

In the spring of 1975 the Student Senate, Student Affairs Committee, and the President of the University joined together in establishing a prohibited code of conduct for Anderson University students. Reasonable people who established the code felt that the prohibitions were not unreasonable for Anderson University students. The Code was updated and revised in 1992, 1995, 1997, 1998, 2000, 2003, 2006, 2007, and 2008, but remains essentially the same in

principle as the 1975 document. A student who finds the code unreasonable will probably not be happy at Anderson University. Students should note that they are not immune from the legal or judicial process and that the University disciplinary proceedings do not replace state or federal law.

STUDENT RIGHT OF APPEAL NON-ACADEMICS

In a matter or concern outside of academic decisions, the student will notify the person who made the decision in writing regarding her or his views on the issue. If the matter were not resolved, the student would appeal to the next highest authority. The order of appeal may vary according to the individual faculty or staff member who makes the decision that is being appealed. As a result, students may consult the Student Development Office for help in determining the appropriate line of appeal for matters or concerns outside of academic decisions and the appropriate actions to take.

DISCIPLINARY PROCEDURES

SECTION 1.

Any person who is affiliated with Anderson University either as an administrator, a faculty, staff member, or student shall report any participation in the prohibited behavior code. All reports should be made to the Vice President for Student Development or the Office of Residence Life.

SECTION 2.

Once it is established that there is enough evidence to bring charges against a student, the accused student should meet with the assigned AU staff in person and in private to discuss the specific charge, the nature of the evidence, and student rights. The issue may be resolved at this point.

SECTION 3.

If a student participates in the Judicial Board review, which is a closed hearing, the defendant will also be given an opportunity to question the nature of the evidence and witnesses. The Judicial Board members may question the defendant and witnesses. After all parties are satisfied that evidence has been properly presented and witnesses properly heard, the defendant and witnesses would be dismissed during deliberation.

SECTION 4.

The Judicial Board will decide by secret ballot and a simple majority vote as to whether the defendant is guilty or innocent. If a student is guilty, the Judicial Board will decide by simple majority vote the sanction to be imposed.

SECTION 5.

Normally, the decision will be announced to the defendant on the same day of the hearing. The Judicial Board may have up to 48 hours before rendering a decision. The Vice President for Student Development or his appointee will inform the defendant of the decision of the Judicial Board. The Vice President for Student Development or his appointee will implement the disciplinary penalty.

SECTION 6.

When a student has a disciplinary hearing by the Vice President for Student Development, his appointee, or Residence Life less formal procedures may be followed.

Please note some disciplinary offenses may be handled by the office of Residence Life and would not be processed by the Vice President for Student Development or go through the Judicial Board. Any decision made by the office of Residence Life may be appealed to the office of Student Development for review.

STUDENT JUDICIAL RIGHTS

Anderson University is committed to guaranteeing procedural fairness to any student charged with a violation of the Code of Behavior. The essence of procedural fairness includes ensuring that a student charged with misconduct be informed of the nature of the charges and be given a fair opportunity to refute them, that the institution not be arbitrary in its actions, and that there be provisions for appeal of a decision. The following list enumerates the specific judicial rights of students charged with violations of the Code of Behavior.

1. Right to a hearing.
2. Right to be informed of all charges before any hearing may proceed.
3. Right to meet with Vice President for Student Development or his appointee.
4. Right to remain silent. If a student chooses not to testify, a decision will be made on available evidence.
5. Right to be assisted by an advisor of the student's choice. The advisor must be a member of the Anderson University community (student, faculty, or staff).
6. Right to be assumed innocent until found guilty. The burden of proof rests on the person(s) bringing the charges.

7. Right to testify, to present evidence and witnesses, to hear/question adverse witnesses.
8. Right to be present at the hearing except during the deliberation.
9. Right to appeal the decision to the office of Student Development, Judicial Board and/or Supreme Court. (Appeal may or may not be granted based on established criteria for appeal.)

Students are expected to know and follow all rules and regulations related to student behavior while enrolled at Anderson University. If the University becomes aware of violations of any rules and policies through materials found on MySpace, Facebook, YouTube, or other Internet-based sources, the University may take action against the student(s) involved. For such rule violation(s), student(s) would be subject to the sanctions outlined in the Student Handbook (the Guide). (For example, pictures that depict Anderson University students with alcohol present are subject to an alcohol violation.) Any materials displayed via the internet that negatively depicts the University or that is detrimental to the University may result in disciplinary consequences.

- D. Anderson University students who host events off-campus where alcohol and/or illegal drugs are present may be suspended from the University.

E. VIOLATION OF LAW AND UNIVERSITY DISCIPLINE

1. If a student is charged only with an off-campus violation of federal, state, or local laws, but not with any other violation of this Code, disciplinary action may be taken and sanctions imposed for grave misconduct, which demonstrates flagrant disregard for the University community. In such cases, no sanction may be imposed unless the student has been found guilty in a court of law or has declined to contest such charges, although not actually admitting guilt (e.g. "no contest" or "nolocontendere"). The University has the right to suspend a student charged with a violation of federal, state, or local laws from participating in clubs/organizations/athletics or other functions immediately upon notification of the charges.
2. University disciplinary proceedings may be instituted against a student charged with a violation of a law which is also a violation of this Student Code, for example, if both violations result from the same factual situation, without regard to the pending of civil litigation in court or criminal arrest and prosecution. Proceedings under this Student Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.
3. When a student is charged by federal, state or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also the subject of a proceeding before a judicial body under the Student Code, however, the University may advise off-campus authorities of the existence of the Student Code and of how such matters will be handled internally within the University community. The University will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting in their personal capacities, remain free to interact with governmental representatives, as they deem appropriate.

The University reserves the right to penalize students for code violations that occur off-campus. Failure of students to report immediately such violations to the Vice President for Student Development may result in additional penalties.

ARTICLE IV: STUDENT DISCIPLINE POLICY

Anderson University requires all students to conduct themselves in a manner that reflects favorably upon the people, values and traditions associated with the University. As a member of Anderson University, a student must demonstrate moral/ethical behavior consistent with the standards of the University.

If a disciplinary violation should occur, a student will face disciplinary action. Specifically, students are subject to the student regulations and penalties as stated in the Student Handbook. We expect all students to adhere to high standards of personal conduct both on and off-campus. Therefore, in addition to the sanctions that may be imposed for misconduct as stated in the Student Handbook, students (where applicable) may be suspended from club, organization, extra curricular activities, athletics, performance groups, and internships (including student teaching) for any of the following:

- Violation of NCAA or Conference Carolina rules.
- Arrest for any crime other than a minor traffic offense.
- Possession of any illegal drug or illegal sale of any prescription drug.
- Illegal possession or consumption of alcohol, beer or wine.
- Fighting with, threatening the safety of, or harassing any individual.
- Stealing money or property from the lawful owner.
- Destruction of University property.
- Unauthorized entry into any University building.
- Acts of moral misconduct.
- Any interference with the normal operations of the University or any disruption or conduct that interferes with the rights and opportunities of those who attend the University.
- Any conduct that reflects unfavorably upon Anderson University and/or the Anderson University Athletic Department.

The suspension imposed may range anywhere from one day to one or more semesters depending upon the severity of the misconduct and the surrounding circumstances. The suspension imposed may also be an indefinite suspension pending the outcome of some future event.

The cancellation or non-renewal of a student's grant-in-aid for any act of misconduct will be done in accordance with Anderson University, NCAA and Conference Carolina rules and may lead to reduction or elimination of institutional aid of any type.

In addition to any discipline that may be imposed under this policy, the unauthorized possession of any steroid, the possession of any illegal drug and the illegal possession of alcohol, beer or wine (including public intoxication or driving under the influence of alcohol) by a student will be treated as though the student had a positive test result under the University's Drug Education Program.

- Consumption of any illegal drug or unauthorized consumption of any steroid will be handled in accordance with the University Drug Education Program.

STUDENT ARREST

When a student is arrested, whether on or off-campus, the University may bring charges if the student's behavior is also a violation of a student regulation. After reviewing the available information about the case and discussing the situation with the student, the Vice President for Student Development shall make a decision regarding whether the University will bring disciplinary charges against the student immediately or wait for the outcome of the trial prior to deciding if the University discipline charges are appropriate.

If arrested and charged with a criminal violation, a student must follow these steps listed below:

- 1) Report violation to the Office of Student Development; athletes must also report violation to the Athletic Director.
- 2) Undergo a review by the Disciplinary Committee made up of the Vice President for Student Development, the Athletic Director, and additional faculty or staff member.
- 3) Adhere to the decision of the Disciplinary Committee.

ARTICLE V: JUDICIAL POLICIES

A. CHARGES AND HEARINGS

1. Any member of the University community may submit facts relating to possible violations against any student for misconduct. Charges shall be prepared in writing and directed to the Vice President for Student Development. Any charge should be submitted as soon as possible after the event, or the discovery of the event, preferably within 72 hours unless additional time is needed to obtain additional facts or information.
2. The AU staff shall notify the student of the disciplinary violation.
3. Students charged with violations of the disciplinary code are expected to participate fully in the University's disciplinary procedures. A student is to respond to the designated AU staff within 24 hours after receiving notification of the disciplinary

charge. If a charged student does not respond within five (5) days from the date charges have been delivered, a hearing will be set. The charged party will be notified of the hearing date, time and location, and the hearing shall be completed with or without the participation of the charged student.

4. If the student responds to the designated AU staff within the prescribed time as set forth above, the Vice President for Student Development, or his or her designee, may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved and on a basis acceptable to the Vice President for Student Development. Such disposition shall be final and there shall be no subsequent proceedings, except as set forth in the Reconsideration and Appeal section of this policy. If the charges cannot be disposed of by mutual consent, the designated AU staff may refer the matter to the Judicial Board or the Vice President of Student Development for review.
5. If the matter is referred to the Judicial Board, a time shall be set for a hearing not less than 5 nor more than 15 days after the referral. Maximum time limits for scheduling of hearings may be extended at the discretion of the Vice President for Student Development.
6. Hearings before the Judicial Board shall be conducted by a Judicial Body according to the following guidelines:
 - a. Hearings normally shall be conducted in private.
 - b. Admission of any person to the hearing shall be at the discretion of the Judicial Body and/or the Vice President for Student Development.
 - c. In hearings involving more than one accused student, the chairperson of the judicial body, in his or her discretion, may permit the hearings concerning each student to be conducted separately.
 - d. The complainant and the accused have the right to be assisted by any advisor from within the University community. The complainant and/or the accused is/are responsible for presenting his or her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a Judicial Body.
 - e. The complainant, the accused and the judicial body shall have the privilege of presenting witnesses, subject to the right of cross-examination by judicial body.
 - f. Pertinent records, exhibits and written statements may be accepted as evidence for consideration by a judicial body at the discretion of the chairperson.
 - g. All procedural questions are subject to the final decision of the chairperson of the Judicial Body.
 - h. After the hearing, the judicial body shall determine (by majority vote if the Judicial Body consists of more than one person) whether the student has violated each section of the Student Code, which the student is charged with violating.
 - i. The Judicial Body's determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code.
7. There shall be a single record of all hearings before a judicial body. The record shall be the property of the University.
8. Except in the situation where a student fails to cooperate or is charged with failing to obey the summons of a Judicial Body or University official, no student may be found to have violated the Student Code solely because the student failed to appear before a Judicial Body. In all cases, the evidence in support of the charges shall be presented and considered.
9. The charged student will receive in writing a summation of the outcome of the disciplinary hearing and the sanctions imposed.

B. SANCTIONS

1. The following sanctions may be imposed upon any student found to have violated the Student Code:
 - a) Warning - A notice in writing to the student that the student is violating or has violated institutional regulations.
 - b) Probation - A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating any institutional regulation(s) during the probationary period.
 - c) Loss of Privileges - Denial of specified privileges for a designated period of time.
 - d) Fines - Previously established and published fines may be imposed.
 - e) Restitution - Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
 - f) Discretionary Sanctions - Work assignments, service to the University or other

- related discretionary assignments (such assignments must have the prior approval of the Vice President for Student Development).
- g) Residence Hall Suspension - Separation of the student from the residence halls for a definite period of time, after which the student may be eligible to return. Conditions for readmission may be specified.
 - h) Residence Hall Expulsion - Permanent separation of the student from the residence halls.
 - i) University Suspension for a Definite Period - Separation of the student from the University for a definite period of time, after which the student may be eligible to return. Conditions for readmission may be specified.
 - j) University Suspension for an Indefinite Period - Termination of student status for an unspecified period of time. The student is able to apply for formal readmission to the University no sooner than one (1) year from the time of suspension.
2. More than one of the sanctions listed above may be imposed for any single violation.
 3. Other than University expulsion, disciplinary sanctions shall not be made part of the student's permanent academic record but shall become part of the student's confidential record. Four years after graduation, the student's confidential record may be expunged of disciplinary actions other than residence hall expulsion, University suspension or University expulsion.
 4. The following sanctions may be imposed upon groups, clubs, teams, or other campus organizations:
 - a. Those sanctions listed above in Section B 1, a through e.
 - b. Deactivation: Loss of all privileges, including University recognition, for a specified period.
 5. In each case in which a judicial body determines that a student has violated Prohibited Behavior, the sanction(s) shall be determined and imposed by the judicial body. Following the hearing, the Vice President for Student Development shall notify the accused of the Judicial Body's determination and of the sanction(s) imposed, if any.

C. INTERIM SUSPENSION

In certain circumstances, the President of the University may impose a University or residence-hall suspension prior to the hearing before a Judicial Body.

1. Interim suspension may be imposed only: a) to ensure the safety and well-being of members of the University community or for the preservation of University property; b) to ensure the student's own physical or emotional safety and well-being; or c) if the student poses a definite threat of disruption of or interference with the normal operations of the University.
2. During the interim suspension, students shall be denied access to the residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the President may determine to be appropriate.

D. RECONSIDERATION AND APPEALS

1. A request for reconsideration of a decision and sanctions imposed by either the Vice President for Student Development or the Judicial Board can be made to consider new evidence which is sufficient to alter a decision. Such evidence must not have been known or discoverable to the student during the time of the initial investigation and/or hearing. If new evidence is discovered, the student shall immediately notify the Vice President for Student Development in writing of the discovery of the evidence, the nature of the evidence, and request a reconsideration. The decision on whether a reconsideration will be granted shall be made by the Vice President for Student Development or the Judicial Body, whichever rendered the initial decision. If a reconsideration is granted, the Vice President for Student Development or the Judicial Board shall reconvene the hearing to consider the new evidence and proceed as seen fit under the circumstances. Upon conclusion, written notice of the decision and sanctions shall be delivered to the student as previously set forth in this policy.
2. The only ground for appeal shall be on a violation of procedural rights. Once a decision is made by either the Vice President for Student Development, his or her designee, or the Judicial Board, a student may appeal only if procedural rights were violated. The student has three (3) school days to complete the appeal form available in the Office of Student Development. The student will be notified within three (3) school days of the submission of the completed appeal form to the Dean of Student Services as to whether or not the opportunity for appeal has been granted. Students are reminded that unhappiness with a judicial outcome is not a sufficient reason to justify an appeal.

PLEASE NOTE that, if a decision is made by the Vice President for Student Development

or his or her designee and is then appealed to the Judicial Board, the decision by the Judicial Board shall be final. If the decision is first heard by the Judicial Board, the appeal shall be to the Supreme Court who will render a live review and whose decision shall be final.

3. An appeal shall be limited to review of the verbatim record of the initial hearing and supporting documents for one or more of the following purposes:
 - a) To determine whether the original hearing was conducted fairly in light of the charges and evidence presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and present evidence that the Student Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a rebuttal of those allegations.
 - b) To determine whether the decision reached regarding the accused student was based on substantial evidence, that is, whether the facts in the case were sufficient to establish that a violation of the Student Code occurred.
4. As a result of the appeal, the Judicial Board or Supreme Court may:
 - a) Uphold the decision of the original judicial body,
 - b) Reverse the decision of the original judicial body,
 - c) Add to or lessen the sanction, or
 - d) Leave the final decision to the Vice President for Student Development.
5. The Vice President for Student Development has the right to appeal a decision if the sanction is deemed inappropriate or that procedures have been violated.

E. PRESIDENTIAL RIGHT OF DISMISSAL

The President of the University is authorized by the Board of Trustees to suspend, expel or otherwise order the withdrawal of any student whose presence in the University, for reasons of health, conduct, or scholarship, does not meet with the approval of the administration, or whose influence, whether by word or deed, is injurious to other students or to the welfare and/or the harmonious operation of the institution. A presidential withdrawal order supercedes all other University dismissal procedures or policies, does not require advance notice, and shall take effect at the sole discretion of the President. A presidential withdrawal order is final and may not be appealed.

ARTICLE VI: INTERPRETATION AND REVISION

- A. Any question of interpretation regarding the Student Code shall be referred to the Vice President for Student Development.
- B. The Student Code shall be reviewed annually under the direction of the Vice President for Student Development. More frequent review may be conducted if deemed necessary by the Vice President for Student Development.

ARTICLE VII: ENACTMENT

The Disciplinary Code as printed was approved by the Student Services Division (now Student Development Division) and the President of the University in May, 1992. It was approved by the Student Government Association in April of 1993; some revisions were made in the spring of 1995 and the spring of 1997, 1998, 2005, 2006, and 2007.

The entire University staff is charged with the responsibility for maintaining order and discipline on campus. The Student Development staff is responsible for handling disciplinary procedures as they relate to the Code of Behavior. The staff attempts to make discipline redemptive, fair and consistent. Fundamental fairness is observed when alleged violations are reported. Judicial procedures are found in the judicial section of the SGA Constitution.

While the specific intent to commit an act is an important consideration in determining guilt or innocence and appropriate sanctions, students are responsible even when their actions are due to negligence.

The University reserves the right to pursue disciplinary action if a student violates the prohibited behavior code and withdraws from the University before administrative action is final.

VIOLATION THROUGH IMPLIED CONSENT

All students in a room may be held responsible for behavior or objects in that room, even if they are not participating in the behavior or in possession of the items and regardless of how long they have been in the room. Examples include, but limited to, alcohol/drugs in room or visitation violation (continued on next page.) If a student enters a room where a violation of policy is occurring, or a violation is initiated in a room that he or she is in, he or she should immediately leave. Otherwise, by choosing to remain in the room, he or she assumes responsibility for all behavior and items in that room, regardless of his or her participation. If the student is the resident of that room, or owner of the vehicle or space, he or she will be held responsible regardless of his/her presence. Please note that expenses incurred for a room (phone/Internet/ other) are the responsibility of the boarder(s) in that room. Where no one can be identified as responsible for expenses, all boarders of that room must share in payment.

AUTOMATIC MINIMUM SANCTIONS

Disciplinary records are maintained for students on a continual basis. Violations of the discipline code are cumulative and are carried over from year to year. A student's complete discipline record will be considered when deciding sanctions.

Regarding the list below and the automatic minimum sanctions, please note that the desire of the University is to help students to understand why their behavior is inappropriate and to learn from this experience and to grow from dealing with the consequences of their decisions. As a result, each student who violates the University disciplinary code will be reviewed in light of this philosophy and the student will be assigned specific consequences deemed appropriate.

The University may choose to replace the fine requirement with a variety of other consequences including but not limited to the following:

- 1) campus service (the student may be required to work a designated number of hours on campus as a part of the consequences for a disciplinary code violation);
- 2) complete a research paper on an assigned topic related to the violation;
- 3) participate in an educational seminar or experience related to the violation;
- 4) contribute assigned hours to assist an agency/organization related to the violation;
- 5) other tasks as determined by the University;
- 6) verbal reprimand or written reprimand;
- 7) loss of privileges;

Failure to report such incidents may result in additional disciplinary action including, but not limited to, suspension from the residence halls or the University.

ILLEGAL DRUGS - Being in a room where there is reason to believe that drug use is occurring may result in urine analysis samples being requested of all occupants in the room. Refusal to supply a urine sample will be considered a positive urine analysis for drugs.

INFORMATION REGARDING PROHIBITED BEHAVIORS: The University reserves the right to share information regarding a student's involvement in disciplinary code violations inter-departmentally. A second violation of this policy may result in the visitor being placed on Trespass Notice, which will prevent any future visits to the University campus. (Visitation violations that involved someone of the opposite sex and who is not a student at Anderson University will result in a Trespass Notice being issued to the visitor when the first incident occurs.)

MINIMUM CLASS LOAD- All resident students are required to maintain a minimum of 12 hours each semester. Permission to remain in the residence halls with less than 12 semester hours must be granted in advance by the Director of Residence Life. ENTERING ROOMS

Although the University will make reasonable efforts to respect the privacy of a student's room, Anderson University maintains the right of entry into a student's room for reasons of emergency, maintenance, order, concern for a student's safety, etc. Maintenance and health and safety inspections will be performed by authorized University personnel only. Illegal items in plain view may be confiscated. (See Search and Seizure Policy below.)

ENTERING ROOMS BY UNIVERSITY OFFICIALS (SEARCH AND SEIZURE POLICY)

1. Anderson University seeks to give every student the right of privacy against arbitrary and unnecessary intrusion into his/her private life.
2. A search of a student's room may be made by officials of Anderson University with a written search warrant from the Vice President for Student Development or the Director of Residence Life. Area Coordinators may sign search warrants.
3. The search must be made by two or more University officials or by one University official with a witness, who is not an occupant, present at all times.
4. An itemized list of all objects seized during the execution of the search warrant will be prepared at the conclusion of the search and signed by all officials and witnesses. A copy of the signed list will be left with any occupant of the room, or in the event no occupant is present during the search, the copy will be left in the room. In the event nothing is seized during the search a copy of a signed statement attesting to that fact will be left with any occupant or in the unoccupied room.
5. In the event that disciplinary charges are brought against a student as a result of the search and subsequent seizure, the student will be given a hearing as outlined under the Judicial Procedures in this Student Handbook.
6. In emergency situations when the delay necessary to obtain authorization constitutes a danger to persons, property or the building itself, or destruction of contraband, University officials may enter a room without a search warrant and search as necessary.
7. If items not allowed on the Anderson University campus are in plain view to a University official, a search warrant from Anderson University is not necessary. Items in "plain view" constitute reasonable cause to suspect other items not allowed on the campus may be in the immediate area, and the official may make a search of the area without further authorization.

Note: Any time it is necessary for local law enforcement personnel to search a student's room, a University Campus Safety officer and/or University official will be present.

POSSESSION OF FIREARMS AND OTHER WEAPONS AT ANDERSON UNIVERSITY

All students should be aware that South Carolina law declares it is a misdemeanor for any person to carry or have in their possession a firearm of any kind at a private or public school, college or university. The law applies to all buildings and residence halls at Anderson University and all adjacent areas, including the campus and parking lots. The maximum penalty is a \$5000.00 fine or five years in prison.

Anderson University is concerned about the danger of firearms being on our campus. Possible violations will be reported to the Anderson Police for investigation and prosecution.

In the event a student desires to keep a firearm or other type of weapon for hunting or sporting purposes while attending Anderson University, he or she must contact the Campus Safety Office to make arrangements for storage. Under no circumstances may a student take a firearm or other weapons described in the Student Handbook to his or her room or leave it in a vehicle parked on campus.

Please contact the Campus Safety Office if you have any questions about bringing firearms or other weapons on campus.

THEFT

Anderson University does not assume any responsibility for theft of a student's personal belongings. If a theft does occur, students should report the theft to the Campus Safety Office. The University encourages students to keep a record of any article that has a serial number. In many instances a parent's homeowner's insurance will cover all or part of the replacement of stolen articles.

Thefts of items or cash valued at \$150 or more, considered grand larceny and a felony, are automatically reported to the local police for disposition in local courts.

CRIME/SEXUAL ASSAULT

Anderson University is in compliance with the Student-Right-to-Know and Campus Security Act. Statistics of crimes committed on campus are published annually on the Anderson University

web page and are made available to all students, faculty and staff. It is also available in the Admissions Office for prospective students at their request.

University personnel hold workshops throughout the year to educate students on procedures to use if any instance of crime is encountered on campus. Crime prevention programs are also emphasized throughout the year. The Student Handbook outlines procedures for dealing with the issues of rape, acquaintance rape, and other sex offenses, as well as other forms of harassment in the following section.

POLICY PROHIBITING HARASSMENT AND VIOLENCE

I. GENERAL STATEMENT OF POLICY

It is the policy of Anderson University to provide and maintain a learning and working environment that is free from sexual, racial, and other forms of harassment and violence. Anderson University believes its students, faculty members, and employees should be able to enjoy an environment free from harassment based on an individual's sex, gender, pregnancy, race, color, religion, national origin, age, disability, veteran, or any other legally protected status.

In compliance with federal and state laws, it is the policy of Anderson University to prohibit harassment and violence by any person and in any form. Nothing herein shall affect Anderson University's right to employ or admit only those individuals practicing the Christian faith.

Specifically, no student, faculty member, supervisor, employee, or other individual shall threaten or harass any other individual or insinuate harassment toward another individual through their conduct, or through any communication of any nature. Anderson University will investigate all complaints of harassment, formal or informal, verbal or written, and take appropriate action or discipline against any person who is found to have violated this policy.

Anderson University recognizes that it may be difficult to define what constitutes harassment under the law. As a result, Anderson University will not tolerate any type of inappropriate behavior that may lead to forms of illegal harassment.

II. DEFINITIONS

SEXUAL HARASSMENT DEFINED

Sexual harassment or gender-based harassment occurs when unwelcome conduct, generally of a sexual nature, becomes a condition of an employee's continued employment or student's education, affects other employment or academic decisions regarding the employee or student, or creates an intimidating, hostile, or offensive working or learning environment. Sexual harassment could include, but is not limited to:

- Requests for sexual favors
- Unwanted physical contact, including touching, pinching, or brushing the body
- Verbal harassment, such as sexual innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions, and threats
- Nonverbal conduct, such as display of sexually suggestive objects or pictures, leering, inappropriate whistling, or obscene gestures
- Acts of aggression, intimidation, hostility, threats, or unequal treatment based on sex or gender (even if not sexual in nature)

Women are not the only ones who can experience sexual harassment. Not only can men experience sexual harassment, but harassment can also be between persons of the same sex.

OTHER FORMS OF ILLEGAL HARASSMENT

Harassment includes many forms. It includes verbal or physical conduct that defames or shows hostility toward an individual because of his/her sex, gender, pregnancy, race, color, religion, national origin, age, disability, veteran, or any other legally protected status, or that of the individual's relatives, friends, or associates; creates or is intended to create an intimidating, hostile, or offensive working or learning environment; interferes or is intended to interfere with an individual's work or educational performance; or otherwise adversely affects an individual's employment or educational opportunities. Harassing conduct can include, but is not limited to:

- Epithets; slurs; negative stereotyping; threatening, intimidating, or hostile acts that relate to an individual's sex, gender, pregnancy, race, color, religion, national origin, age, disability, veteran, or any other legally protected status
- Written or graphic material that defames or shows hostility or aversion toward an individual or group because of an individual's sex, gender, pregnancy, race, color, religion, national origin, age, disability, veteran, or any other legally protected status, and that is placed on walls, bulletin boards, or elsewhere on the University's premises, or that is circulated on the campus

The Office of the Vice President for Student Development is located in the Merritt Administration Building, telephone number (864) 231-2075, office hours 8:30 a.m. - 4:30 p.m. The Vice President for Student Development shall:

 - Oversee the investigative process
 - Be responsible for the training needs of the University's staff and students in connection with the dissemination, comprehension, and compliance with this policy
 - Arrange for necessary training required for compliance with this policy
 - Insure that any investigation is conducted by an impartial investigator who has been trained and is able to apply procedural and substantive standards which are necessary and applicable to identify unlawful harassment, recommend appropriate discipline and remedies when harassment is found, and take other appropriate action to rectify the damaging effects of any prohibited discrimination, including interim protection of the victim during the course of the investigation
 - Determine whether, based on the circumstances, appropriate law enforcement is to be contacted
- D. **REPORT FORM.** Anderson University encourages the recipient of a report or the person complaining to use the report form available from the Vice President for Student Development or the Director of Human Resources; however, oral reports shall be considered complaints as well. Use of the report form is not required to make a complaint.
- E. **RECEIPT OF REPORT.** Upon receipt of a report, if not yet reported to the Vice President for Student Development, the recipient shall encourage the person making the complaint to report it to the Vice President for Student Development. The recipient shall also immediately notify the Vice President for Student Development without screening or investigating the report. If an oral report is made, a written statement of the facts alleged shall be completed as soon as possible, but within 24 hours, by the person receiving the report. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the individual.
- F. **TIME LIMIT.** A complaint must be filed within forty-five (45) days of the occurrence of the alleged harassment or violence.
- G. A copy of this policy shall appear in the Student Handbook, Personnel Handbook, the Intranet, and shall be made available upon request of parents, students, and other interested parties from the Vice President for Student Development or Director of Human Resources.
- H. Anderson University will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as possible, consistent with Anderson University's legal obligation to investigate, to take appropriate action, and to conform to any other obligations. Anderson University cannot guarantee confidentiality, but will make every effort to keep the matter as confidential as possible.

IV. INVESTIGATION

- A. Upon receipt of a report or complaint alleging sexual harassment, or harassment based upon race, national origin, or religion, the Vice President for Student Development shall immediately undertake or authorize an investigation. That investigation may be

conducted by the Vice President for Student Development, or by a third party designated by the Vice President for Student Development, and shall begin within five (5) days of receiving the complaint.

Occasionally, an employee or student may determine that talking with the Vice President for Student Development about the conduct is not desirable or feels that his/her complaint has not been or cannot be properly handled by the Vice President for Student Development. In that event, the employee or student may file the complaint with the Director of Human Resources.

B. PROCESS

1. **INFORMAL PROCEDURE.** If the appropriate administrator is able, through discussion, to resolve the matter to the satisfaction of all persons involved, the matter may be closed at this point. Although not required, it may be possible to resolve a complaint through a voluntary conversation between the complaining student or employee and the alleged harasser which is facilitated by a university employee or by a designated harassment complaint official. If the complaining student or alleged harasser is a student under the age of 18, the harassment complaint official should notify the student's parent(s)/guardian(s) if, after initial consultation with the student it is determined to be in the best interest of the student. Parent(s)/guardian(s) of students over the age of 18 will not be contacted unless written authorization by the student is given. If the complaining student or employee and the alleged harasser feel that a resolution has been achieved, then a documentation of the resolution will be placed in the investigation file and no further action will be taken. The results of an informal resolution shall be reported, in writing, to the President of Anderson University.
 2. **FORMAL PROCEDURE.** The complainant or the Vice President for Student Development shall fill out a formal report form based on the written or verbal allegations of the complaining student or employee. This report form shall be kept in a centralized and secure location.
 - a. The report form shall detail the facts and circumstances of the incident or pattern of behavior.
 - b. If a student under the age of 18 is involved, his/her parent(s)/guardian(s) shall be notified, unless after consultation with the student it is determined not to be in the best interest of the student. Parent(s)/guardian(s) of students over the age of 18 will not be contacted unless written authorization is given by the student.
- C. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident or circumstances giving rise to the complaint. The investigation may also consist of any other methods and document review deemed pertinent by the investigator. Depending on the circumstances, the accused may not initially be informed of the identity of the complainant, but should be informed of the allegations and the facts surrounding the allegations.
- In determining whether the alleged conduct constitutes a violation of this policy, Anderson University may consider the surrounding circumstances, the nature of the behavior, past incidents, or past or continuing patterns of behavior, the relationship between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on the facts and surrounding circumstances.
- D. Anderson University may take immediate steps, at its discretion, to protect the complainant, students, staff, or faculty members pending completion of an investigation of alleged harassment or violence.
 - E. The investigation will be completed as soon as practicable, but within fourteen (14) days of receiving the complaint. The Vice President for Student Development shall make a written report to the President of Anderson University upon completion of the investigation. If the complaint involves the President of Anderson University, the report will be forwarded directly to the Board of Trustees. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be in violation of this policy.
 - F. Any time limits set by this procedure are designed to achieve prompt and appropriate resolution of complaints of discrimination. The University, however, intends to be equitable, and, if the Vice President for Student Development determines that in his/her judgment equity requires a variation from these time frames is needed, he/she may deviate from them. Any deviation in the time frames shall be put in writing and the parties shall be properly notified.

V. ACTION

- A. The results of Anderson University's investigation of each formal complaint filed under these procedures will be reported in writing within five (5) days to the complainant and other parties by Anderson University in accordance with state and federal laws regarding data or records privacy, and consistent with the privacy rights of the alleged harasser.
- B. Upon receipt of a report from the Vice President for Student Development that a violation has occurred, Anderson University will take prompt and appropriate action. Such action may include, but is not limited to: warning, suspension, exclusion, expulsion, transfer, remediation, awareness training, counseling, parent-teacher conferences, termination, or discharge.

In determining the appropriate response to a finding that behavior which is in violation of this harassment policy has occurred, Anderson University shall consider:

- What response is most likely to end any ongoing harassment
 - Whether a particular response is likely to deter similar future conduct by the harasser or others
 - The amount and kind of harm suffered by the victim of the harassment
 - The position and/or relationship between the parties involved
 - Whether the harassment was engaged in by university personnel, and if so, Anderson University will also consider how it can best remediate the effects of the harassment
- C. If the results of Anderson University's investigation and evaluation of a complaint of harassment results in a conclusion that no unlawful harassment has occurred, an individual who was allegedly subjected to harassment and believes that this conclusion is erroneous may appeal the determination, in writing within five (5) days of receiving the decision, as follows:
 1. The complainant shall file a formal appeal with the Vice President for Student Development. The Vice President for Student Development will officially acknowledge receipt of the appeal and will inform the respondent.
 2. The Vice President for Student Development will then set a date for an appeal review. Those present will include:

 - (b) The respondent
 - (c) The Review Board

- If the complainant is a student, the Board shall consist of two (2) faculty members (appointed by the faculty chairperson), two (2) members of the administrative staff (appointed by the President), and two (2) students (appointed by the President of the Student Government Association)

The responsibilities of the Review Board will be to make a determination of the validity of the complaint.

3. The complainant and the respondent will represent themselves at this appeal review. The appeal review will provide ample time to consider the positions of both the complainant and the respondent. The Review Board will issue a written report within five (5) days. Copies of the report shall be provided to both the complainant and the respondent.
4. If the Review Board affirms the original determination made by the Vice President for Student Development, the Review Board's decision will be deemed final and no further appeals will be available. If the Review Board does not affirm the original determination made by the Vice President for Student Development, the losing party may appeal the decision of the Review Board to an appropriate third-party Vice President (one that does not have a conflict of interest in the matter) in writing within five (5) days after receipt of the Review Board's decision.
5. The Vice President for Student Development will arrange for a conference before the appropriate third-party Vice President. Those present at the conference will include the complainant, the respondent, the third-party Vice President, and the Vice President for Student Development. The complainant and the respondent

will represent themselves at the conference. The decision of the third-party Vice President will be final and will be binding on the parties. The third-party Vice President will report his/her decision in writing within five (5) days of the conference will be provided to both parties and to the Executive Committee of the Board of Trustees. (There shall be no appeal by faculty members to the Faculty Grievance Committee.)

- D. If Anderson University's investigation and evaluation of a complaint of harassment results in a conclusion that an individual has engaged in harassment in violation of this policy, that individual may appeal this determination in writing within five (5) days of receiving the decision using the same process as set forth above in Paragraph C of this section.
- E. Copies of all complaints of harassment and the investigation conducted pursuant to them shall be maintained in an investigation file for a minimum period of two (2) years in the office of the Vice President for Student Development. All findings of violations of the Harassment Policy, regardless of its severity, will be placed in the respondent's personnel and/or student file.
- F. Any time limits set by this procedure may be considered for an extension by submitting a written request for extension prior to the expiration of the time limit to the Vice President for Student Development for written approval.

VI. Reprisal

Anderson University will discipline or take appropriate action against any student, member of the staff, or faculty who retaliates against any person who reports an incident of alleged harassment or violence, or any person who testifies, assists or participates in a proceeding, investigation, or review relating to such reports of harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

A complainant, whose allegations are found to be false and brought with willful intent, will be subject to disciplinary action, which may include, but is not limited to, written warning, demotion, transfer, suspension, dismissal, termination, or expulsion.

ACADEMIC HONESTY AND DISHONESTY

I. POLICY ON ACADEMIC DISHONESTY

Students at Anderson University are expected to conduct themselves with integrity and to be honest and forthright in their academic endeavors. Just as academic honesty is vitally important to the value of a college education, academic dishonesty is a serious offense because it diminishes the quality of academic scholarship at Anderson University and defrauds society, the institution, faculty and other students. Additionally, academic dishonesty undermines the efforts of those who may eventually depend upon our knowledge and integrity.

Anderson University encourages the imposition of strict penalties for academic dishonesty and does so in order to protect the integrity of the grading system and to affirm the importance of honesty, integrity and accountability in the College community.

ASSUMPTIONS

- 1. A concern for the whole person, as is inherent in a Christian approach to higher education, and as espoused by the University, is foundational to its educational philosophy and recognizes academic dishonesty as the antithesis of this philosophy.
- 2. Dishonesty in academic matters deceives and threatens not only the individual institution of higher education but also the larger society.
- 3. Students and faculty alike are alarmed, concerned, and justifiably outraged by acts of academic dishonesty.
- 4. Apparent tolerance of academic dishonesty may encourage cheating, plagiarism and fraud.
- 5. Lack of concern for and inattention to the issue of academic dishonesty suggests that the values of integrity and honesty are not important and therefore, will not be encouraged.
- 6. Academic dishonesty, in any form, corrupts the essential process by which knowledge is advanced.
- 7. Standardization of the University's policy addressing academic dishonesty, and the expectation that all students and instructors will adhere to it, will ensure equity, justice and fairness in academic matters related to academic honesty and dishonesty.

FORMS OF ACADEMIC DISHONESTY - It should be assumed that improper and/or illegal uses of information technology, including the Internet and its sources, fall within the forms of academic dishonesty cited below.

- A. **PLAGIARISM** - Plagiarism is the presentation of someone else's words, ideas or data as one's own work. When a student submits work for credit that includes the words, ideas or data belonging to or produced by others, the source of that information must be acknowledged through complete, accurate, and specific footnote or "in-text" references, and, if verbatim

statements are included, through quotation marks as well. By placing his/her name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgements.

Students can avoid being charged with plagiarism if there is an acknowledgement of indebtedness:

1. Whenever one quotes another person's actual words;
2. Whenever one uses another person's idea, opinion or theory, even if it is completely paraphrased in one's own words; and
3. Whenever one borrows facts, statistics, or other illustrative material (unless the information is common knowledge).

B. FABRICATION - Fabrication is the intentional use of invented information or the falsification of research or other findings with the intent to deceive.

Examples:

1. Citation of information not taken from the source indicated.
2. Listing sources in a bibliography not used in the academic exercise, unless directed by the instructor to list references consulted even if not cited.
3. Inventing data or source information for research or other academic exercise.
4. Submitting as one's own any academic exercise (e.g. written work, printing, sculpture, etc.) prepared totally or in part by another, including purchased term papers.
5. Taking a test for someone else or permitting someone else to take a test in one's place.

C. CHEATING - Cheating is an act of deception by which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered.

Examples:

1. Copying from another student's test paper.
2. Allowing another student to copy from a test paper.
3. Using the course textbook or other material such as a notebook brought to a class meeting but not authorized for use during a test.
4. Collaborating during a test with any other person by receiving information without authority.
5. Using specifically prepared materials during a test (e.g. notes, formula lists, notes written on the student's clothing, etc.).
6. Using the same or similar paper for meeting the requirements for multiple courses (unless permission is given in writing by the instructors involved).

D. ACADEMIC MISCONDUCT - Academic misconduct is the intentional violation of Anderson University policies by tampering with grades, or taking part in obtaining or distributing any part of an un-administered test or other restricted educational materials, whether from Anderson University or other institutions.

Examples:

1. Stealing, buying, or otherwise obtaining all or part of an unadministered test or any other material produced by faculty.
2. Selling or giving away all or part of an unadministered test including answers to an unadministered test.
3. Bribing any other person to obtain an unadministered test or any information about the test.
4. Entering a building or office for the purpose of changing a grade in a grade book, on a test, or on other work for which a grade is given.
5. Changing, altering, or being an accessory to the changing and/or altering of a grade in a grade book, on a test, a "change of grade" form, or other official academic records of the University which relate to grades.
6. Entering a building or office for the purpose of obtaining an unadministered test.

II. PROCEDURES - Individual faculty members have the responsibility for determining the action, within the guidelines provided below, to be taken in cases of academic dishonesty relating to their courses. Acts of academic dishonesty are never to be ignored or overlooked for any reason.

A. When, in the opinion of an instructor, a student has committed an act of academic dishonesty, the following procedure must be followed:

1. The instructor will inform the student in private of the nature of the charge of alleged academic dishonesty. It is at this point that the student may respond verbally to the instructor's charge by denial or admission of guilt. The instructor will simultaneously request in writing that the Associate Provost verify the incident's being a first offense. (**NOTE:** This contact with the Associate Provost is not intended to circumvent the levels of the process of appeal; rather, it is to ensure the tracking and record keeping related to repeat offenses of academic dishonesty.)
2. When the incident has been verified as a first offense, the instructor will notify the student in writing of the charge of academic dishonesty and the action or penalty imposed by the instructor.
3. When a student is accused of academic dishonesty, the faculty member must be

prepared to provide evidence and/or support for the accusation upon which the decision rests.

4. A student may appeal the decision/penalty if he or she feels there are extenuating circumstances that warrant a reconsideration of the decision or action or if he/she feels he/she has been treated unfairly or arbitrarily. All appeals by students must be initiated within five (5) working days after being notified in writing by the instructor of the alleged violation (see #2 above).
5. All student appeals must be presented IN WRITING by the student to the individuals in the order listed.
 - a. Instructor;
 - b. Dean of the College (unless this is also the instructor);
 - c. Provost; and
 - d. President.Each person to whom an appeal is made has five working days in which to communicate the decision to the student.
6. If the alleged violation occurs during the final examination period of a semester, the Associate Provost will authorize the assignment of an "I" grade to show incomplete work. The grade will remain until the alleged violation is adjudicated.

III. PENALTIES

- A. A student guilty of the first offense of academic dishonesty will receive as a maximum penalty a grade of "F" for the course. Lesser penalties will be left to the discretion of the instructor. Allowing a student accused of a violation to withdraw from or drop the course is not an appropriate action.
- B. A student guilty of the second offense of academic dishonesty will receive a grade of "F" for the course, may be suspended for one semester and may be permanently dismissed from Anderson University.

* * *

What can students do to protect themselves from being charged with academic dishonesty?

1. Use information technology sources as directed by professors.
2. Prepare thoroughly for examinations and assignments.
3. Take the initiative to prevent other students from copying your exam or assignments, (e.g. shield your answer sheet during examinations, do not lend to other students assignments to be turned in).
4. Check your faculty member's course syllabus for a section dealing with academic dishonesty for that course. There may be special requirements. If you cannot find a written section in the syllabus, ask the faculty member what his/her expectations are.
5. Do not look in the direction of other students' papers during examinations.
6. Utilize a recognized handbook for instruction on citing source materials in papers. Consult with individual faculty or academic departments when in doubt.
7. Discourage dishonesty among other students.
8. Refuse to assist students who cheat.

What can faculty members do to encourage academic honesty among students?

1. Include a statement in the course syllabus regarding academic honesty/dishonesty as it relates to that particular class.
2. Discuss the issues of cheating, academic misconduct, fabrication and plagiarism at the beginning of each semester and before examinations.
3. In assigning term papers, discuss the issue of plagiarism; make certain that students understand referencing requirements, the specific extent of collaboration on class/team projects; consider assigning specific topics and set a time limit.
4. Give essay tests, instead of multiple choice tests, when appropriate and where class size permits.
5. When using proctors, it is preferable that more than one be present for over thirty students. Instruct proctors about their responsibility during exams.
6. Have each student sign his/her answer sheet and include his/her Student Identification Number. Signatures and Student ID numbers can be compared if a question arises over who actually took the examination.
7. Keep examinations in a secure location (e.g. locked desks, locked files, etc.). Merely leaving them in your office may not provide adequate security for examinations. Ensure password protection on all your computer and information technology devices.
8. All waste copies and related materials for an examination should be destroyed.
9. Number exams and count the number distributed and returned.
10. Alternate forms of the same examination, particularly with short answer examinations, should

be administered during the test period. Color coding of the alternate forms will emphasize the difference.

11. When bluebooks are used for examinations, faculty should collect the bluebooks from students and redistribute them before the examination begins.
12. The question of whether or not students may have materials in their possession (e.g. books, notes, scrap paper, calculators, or programmable portable computers), should be specified before the examination by the faculty member. Scrap papers should be turned in with the examination so that information related to the examination may not be taken from the classroom. Faculty members may wish to supply the scrap paper as a part of the examination packet.
13. Design a pre-arranged seating plan or sign-in sheet by seat number, so that the location of each student may be determined.
14. If at all possible, students should be seated so that there is at least one seat between students during an examination.
15. Faculty members are encouraged to prepare new examinations each semester and to consider making copies of past examinations available to all students.
16. Do not use student workers to type, duplicate, file or grade examinations.
17. Keep current with information technology sources and resources, especially those that are Internet or web-based.

IV. CONFIDENTIALITY - In accordance with provisions of the Family Educational Rights and Privacy Act of 1974, any information related to an alleged violation of the University's Policy on Academic Honesty and Dishonesty must be treated as strictly confidential by members of the faculty and administrative staff.

PARENTAL NOTIFICATION

If a student is involved in serious academic, financial, or social difficulty, parents more than likely will be notified. Any time a student is guilty of illegal activity on campus, placed on disciplinary probation, requested to withdraw, or suspended from the University or residence halls, parents or guardians of dependent students are automatically notified.

DISCIPLINARY PROBATION

Students on disciplinary probation risk suspension from Anderson University if there is additional participation in prohibited behavior while on probation; in addition, disciplinary probation may affect a student's transfer to another institution, status in a campus club, organization, or on an athletic team, and future financial, citizenship, and scholastic recognition.

A student's disciplinary probation status is not public information. Upon the request of an organization's advisor or coach, the disciplinary status of a student will be provided by the Student Development Office, provided the student is officially associated with the organization or team of the person making the request. Results of discipline proceedings involving students are made available to the directors of Campus Safety and Residence Life. Anderson University reserves the right to notify parents or guardians of dependent students of violations of the discipline code, placement of the student on probation, and/or suspension from the residence halls or the University.

DISCIPLINARY CONSEQUENCES/FINES

A student who participates in prohibited behavior may have several sanctions imposed. The University determines the particular sanctions imposed upon a student for a disciplinary code violation. To help in the educational process of a student, the University may choose from a variety of sanctions. A student must fulfill all obligations that are applied to the student regarding a disciplinary sanction in the semester in which the violation occurred. Any exemption to this policy must be granted by the Vice President for Student Development. Failure to complete any component of a disciplinary sanction may also prevent the student from gaining access to his/her room at the beginning of the following semester.

DUI POLICY

Of all the fatal accidents on South Carolina's roads, at least two-thirds of these involve a driver or a pedestrian who has been drinking. During the hours between 7:00 p.m. and 3 a.m., one of four drivers on the state's highways has been drinking. One out of ten has a blood alcohol content level high enough for him to be charged with driving under the influence.

In the face of these startling statistics, South Carolina has mounted an extensive campaign aimed at reducing the rate of increase of DUI accidents. These efforts have resulted in expanded and stiffer laws, penalties and fines, implementation of an "Open Container Law," and in May 1984 the Governor of South Carolina signed a bill raising the alcohol beverage drinking age. In South Carolina, the legal age to drink alcoholic beverages is 21 years old.

Anderson University is supportive of state efforts to reduce the number of highway deaths and accidents related to alcohol use. A student guilty of DUI will be required to come to a conference with the Vice President for Student Development to discuss ways for improved behavior. Disciplinary action on the part of the University may be taken. Should the student receive another DUI charge, more drastic action will be taken which may result in suspension from Anderson University.

MENTAL HEALTH REFERRAL POLICY

Should the Vice President for Student Development or the Counselor determine that, in his/her best judgment, there is the reasonable possibility that a student is a threat to self, to others, or to the good order of the academic community, the Vice President for Student Development, in consultation with the Counselor, will recommend a psychiatric/psychological evaluation by an appropriate mental health professional for the purpose of determining the student's ability to function safely in the academic environment.

If the student refuses to be evaluated by an appropriate mental health professional, the student will be immediately placed on interim medical suspension from the University. Interim medical suspension will be continued until the student consents and is evaluated or until a disciplinary hearing, following the regular University procedures, is held.

If it is the determination of the appropriate mental health professional that the student is not medically or behaviorally able to function in the University environment and if the required time for treatment will interfere with the student's academic work, the Counselor will initiate a withdrawal for medical reasons from the University. A student who is withdrawn under these circumstances and who at a later date desires readmission will be required to provide a written opinion from the professional from whom treatment was received substantiating the ability of the student to perform consistently with the regulations of the University.

Should the time of treatment be such that it does not interfere with a normal academic workload, the student will be able to return to the University provided the treating mental health professional recommends return and is willing to establish consultative contact with the Counselor at the University. Students who continue at the University under these circumstances will be expected to conduct themselves consistent with the standards of the University. When the appropriate mental health professional determines that no threat to self, to others, or to the good order of the academic community exists, the student will be able to continue at the University provided the behavior is consistent with the standards of the University. Should the student's behavior become disruptive to the residential living environment, the University, using regular disciplinary procedures, may refuse the student on-campus housing.

If it is deemed necessary to refer a student for evaluation, the Vice President for Student Development will contact the parents or guardians for the purpose of enlisting assistance.

INFORMATION ON USE/ABUSE OF ALCOHOL, TOBACCO, AND CONTROLLED SUBSTANCES

EFFECTS OF ALCOHOL

Surveys of university students indicate that the drug of choice is alcohol. Student problems associated with alcohol use are many and have an adverse effect on the educational process. These problems include physical injuries, loss of personal relationships, unwanted/regretted sex, vandalism, poor grades, alcoholism and disciplinary problems.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics. (Taken from: Federal Register. Vol. 55, No. 159. Thursday, August 16, 1990: Rules and Regulations.)

EFFECTS OF TOBACCO PRODUCTS

Tobacco products are harmful to individuals when smoked, inhaled or used orally. Tobacco contains over 4,000 different gases, particles and compounds including tar, nicotine and carbon monoxide. Tobacco smoke "tar" is composed of several thousand chemicals that can damage lung tissue and cause several diseases.

Nicotine is found only in tobacco. It acts as a mild stimulant to the central nervous system and is what causes the addiction to tobacco products. Carbon monoxide, which makes up about 4 percent of tobacco smoke, impairs the oxygen-carrying capacity of the blood to the body's tissues, literally driving the oxygen out of the red blood cells. At the same time nicotine is causing the heart to work harder, it is depriving the heart of the extra oxygen it needs. Carbon monoxide also promotes cholesterol deposits in arteries, impairs vision and judgment, and reduces attentiveness to sound.

Smoking is the single largest preventable cause of premature death and disability in the United States and is related to 390,000 deaths each year. Statistics indicate that smokers die younger than nonsmokers. Smoking is one of the major risk factors in heart attacks. The use of tobacco has been implicated in cancers of the mouth, larynx, pharynx, esophagus, pancreas, cervix, uterus and bladder. Smoking accounts for approximately 30 percent of all cancer deaths, as a major cause of heart disease, and is linked to colds, gastric ulcers, chronic bronchitis, and emphysema. The American Cancer Society estimates that smoking cigarettes account for 85 percent of lung cancer cases among males and 75 percent among females.

The effects of other drugs on the body are discussed on the chart on the following pages.

RESOURCES AND STUDENT/EMPLOYEE ASSISTANCE

Anderson University is a community and all members of the community are responsible for maintaining order, and discipline on the University campus. The Student Development Division serves the primary role of coordination and implementation of Anderson University's substance abuse policy. The division's position emphasizes the early identification and the intervention into substance use problems experienced by persons. Our personnel and institution's commitment is made manifest by the following services.

INFORMATION

The University Health Center provides current information on the use and abuse of alcohol, tobacco, and drugs. Programs are provided on topics of health care throughout the year. The nurse is available for consultation with any person.

This information is made available through brochures, journals, books, video, and cassette tapes, posters and newsletters to faculty/staff and students. High traffic areas of the campus will be provided with handout materials related to substance use and its consequences.

EDUCATION/PROGRAMMING

Educational experiences are offered by key areas within the University. These experiences include:

- Alcohol Awareness Week - one to two-week emphasis each semester with the focus on substance abuse. Offerings to general campus population and special groups.
- Presentation of videos, films, and invited speakers on issues of substance use and abuse. These will be provided each semester for students and periodically at faculty and staff meetings.

COUNSELING/REFERRAL

Counselors have special training in addiction counseling. Other staff members of the University have also received special training and experience in addiction counseling and are available for programming, counseling, and referral. The University also has a close affiliation with the Anderson/Oconee Alcohol and Drug Abuse Commission, where persons may be referred for assessment and/or treatment. We also have an agreement with the Vocational Rehabilitation of South Carolina Office to refer individuals for counseling and assistance.

Students referred to counseling due to drug/alcohol violations must pay for the costs of counseling materials.

FIRE DRILL PROCEDURES

State and federal regulations require that a fire drill be held in all resident halls on campus once each semester. This is done to familiarize new students with the alarm systems and means of evacuation during a fire. The Campus Safety Department will conduct these fire drills. These drills will be conducted with the cooperation of the Residence Life Office. Resident students will refer to the publication "Community" for a complete description of fire drill procedures. Basic guidelines are listed below.

Fire drills will be conducted following the procedure outlined below:

- (1) The fire alarms will be sounded and time given for all persons in the building to evacuate the premises.
- (2) A Campus Safety Officer, accompanied by either an Area Coordinator or RA, will check each room to insure that all personnel have left the building. It is the policy of Anderson University to check all closets or anywhere that a person could hide to make certain that everyone is clear.
- (3) After all rooms have been checked, the ranking officer or designated person will give the all clear and persons will be allowed to re-enter the building and their rooms.
- (4) All alarm systems will be reset and checked to make sure they are operating properly.

THE JOURNEY PROGRAM

The Journey program is the Anderson University program that is equivalent to "Chapel" at other Christian institutions. Through the Journey, we have the opportunity to emphasize our spiritual development as we learn to worship and grow together. Students, along with faculty and staff are given a variety of worship services, concerts, conferences, and creative presentations designed to introduce them to the person of Jesus Christ and to help them grow spiritually through engaging His presence in their lives.

Successful completion of *The Journey* program is required for graduation at Anderson University. During each semester all traditional full-time students (including residents and commuters) should earn a minimum of eight (8) credits in the program. Each student in the traditional four year academic program will need to successfully pass eight (8) semesters of *The Journey* program in order to meet graduation requirements. A grade of CR (8 credits or more) or NC (less than 8) will be recorded on each student's transcript, however, this grade will not affect the student's GPA.

Exceptions - The only exemptions are for student teachers, study abroad, and other off-campus academic internships during the semester in which they occur. All exemptions must be registered with the office of Campus Ministries located in Sullivan Hall.

THE CULTURAL EXPERIENCE PROGRAM

The purpose of *The Cultural Experience* program is to provide an opportunity for students to grow in knowledge and appreciation of the arts and also to recognize the value of service to others through active participation in community service projects.

Successful completion of *The Cultural Experience* program (CEP) is required for graduation at Anderson University. During six of eight semesters all traditional full-time students (including residents and commuters) should earn a minimum of four (4) credits in the program. A grade of CR (4 credits or more) or NC (less than 4) will be recorded on each student's transcript. Although this grade will not affect the student's GPA, the grade of "CR" or "NC" does remain on the student's transcript.

A student may visit the office of Student Development for additional information about community service requirements.

Each student in the traditional four-year academic program will need to successfully pass six (6) semesters of *The Cultural Experience* program in order to meet graduation requirements.

Transfer students are awarded credits on a prorated basis according to the number of hours transferred to the University. The only exemptions for *The Cultural Experience* are for student teachers, study abroad, and other off-campus academic internships during the semester in which they occur. All exemption requests for *The Cultural Experience* program must be approved by the office of Student Development.

ALMA MATER

Dear to our hearts is our
Alma Mater loyal and true are we;
Truest devotion till life has ended,
Wholly we pledge to thee.

Tho' from thy halls far away
We wander
Thoughts back to thee will fly,
And tender mem'ries time
Cannot sever,
Love that will never die.

Heaven's choicest blessings
Ever attend thee.
Dear Alma Mater mine-
No shadows harm thee.
No fears alarm thee.
Always the sunshine thine.

And tho' we leave thee, we'll
Never grieve thee,
True to our trust we'll be;
Our best endeavor, now and
Forever,
Always to honor thee.

-Mrs. Charles Sullivan
